PRODUCT PORTFOLIO

AIR CONDITIONING & REFRIGERATION

Compressors for refrigeration system, Industrial refrigeration packages across industries including-

- Refinery & Petrochemicals
- Chemicals
- Fertilizers
- Marine

PROCESS GAS SYSTEMS

Gas compression applications in-

- Refinery
- Petroleum
- Chemical
- Gas Industry
- Gas distribution companies

AIR COMPRESSORS

General engineering to critical operation & processing application in industries including-

- Railways
- Process industries
- Refineries
- Power, steel, automobile & textile
- Air separation
- Pharmaceuticals

TRANSMISSION

Gearboxes for turbines, Conveyor belts, power plant, material handling across industries including

- Railway
- Power & Steel
- Cement & Minerals Industry
- Rubber, Plastic & Paper
- Marine
