📍 Flat no401, First Building lane no.9, sanket vihar, dhere company Road, kale Padal, Hadapsar

SUMMARY

I am a dedicated engineering graduate specializing in Mechanical Engineering, currently pursuing my Bachelor's degree. I have significant hands-on experience in design projects, including the development of cam-operated valve systems. My background is complemented by certifications in Python programming and Robotics Process Automation, along with strong capabilities in customer care. I seek to contribute my technical skills.

EDUCATION

Bachelor of Engineering (B. E.) - Mechanical Engineering	08/2023 - Present
JSPM's Jaywantrao Sawant College Of Engineering	Hadapsar, Pune
Post S.S.C. Diploma in Engineering (Polytechnics) - Mechanical Engineering	08/2018 - 07/2021
JSPM's Jaywantrao Sawant Polytechnic	Hadapsar, Pune
Higher Secondary Education (S.S.C) -X	06/2017 - 2018
Saraswati Vidyalay	Janephal, Tq-Mehakar, Dis-Buldhana

STRENGTHS

- ✓ **Customer Care Handling - Expert**
Strong skills in customer care handling with a proficient rating.
- 🚩 **Auto CAD Software - Beginner**
Familiarity with Auto CAD software for modeling.
- 🔧 **CREO Software - Beginner**
Basic skills in CREO software for 3D modeling.
- 🔧 **Typing Skill - Expert**
Typing speed of 30 words per minute with 98% accuracy.

SKILLS

3d Modeling · Auto cad · Creo ·
Process Automation · Python ·
Teamwork and collaboration ·
MS Office · Active Listing

ENGINEERING PROJECT

Design And Manufacturing Of Cam Operated Spring Less Valve System For IC Engine

06/2021

The project involved innovative engineering techniques for an automotive application.

- Designed and manufactured a cam operated springless valve system for IC engine.

PASSIONS

- 🚩 **Hobbies**
Watching films in various genres.
