SUMMARY

Results-driven Diploma Electrical Engineer with 1 year of hands-on industrial experience in electrical maintenance, troubleshooting, wiring, and equipment installation. Proficient in diagnosing electrical faults, performing preventive and corrective maintenance, and ensuring safe and efficient operation of industrial systems. Quick to learn new technologies, adaptable to fast-paced environments, and committed to delivering high-quality work while contributing to organizational productivity and growth.

EDUCATION

Sharadchandra Pawar Institute of Technology, Someshwarnagar, Baramati Jul 2022 - Jul 2025
Diploma in Electrical Engineering

Someshwar Vidyalyaya Someshwarnagar, Someshwarnagar, Baramati Jun 2021 - Mar 2022
SSC

EXPERIENCE

Bharat Forge Ltd. – Pune Jul 2025 - Jul 2026
Diploma Engineer Trainee

- Performed preventive, predictive, and breakdown maintenance and troubleshoot of die shop machinery to ensure maximum equipment availability and minimize production downtime.
- Diagnosed and resolved electrical faults in motors, control panels, sensors, actuators, and industrial equipment while adhering to safety and quality standards.
- Assisted in the installation, inspection, testing, and commissioning of electrical components and machine control systems during maintenance activities.
- Conducted routine inspections of electrical panels, drives, PLC-based systems, and auxiliary equipment to identify potential failures and improve machine reliability.
- Maintained maintenance records, followed TPM and preventive maintenance procedures, and ensured compliance with electrical safety practices and company standards.
- Operation & maintenance of CNC machines, EOT cranes, welding machines, stackers, and conveyors. Handling of Panel A/C, chillers, SMPS, transformers, inverters, UPS, and HT & LT panels.

TECHNICAL SKILLS

Core Skills: Electrical Troubleshooting, Electrical Maintenance, Circuit Design & PCB Basics, LT Panels, Motors, Transformers, PLC & Relay Logic, Wiring, Testing & Control

Software: MS Office, SAP,

Soft Skills: Industrial Safety & TPM, Teamwork, Problem Solving, leadership,

Languages: Marathi (Native), Hindi (Fluent), English (Working Proficiency)

HOBBIES AND INTERESTS

- Building Small Gadgets
- Travelling
- Driving
