

PRASAD RAVINDRA MAHANUBHAV

Mechanical Engineering Student

Email: mahanubhavprasad36@gmail.com

Phone: +91 7620719974

Address: Flat No. 5, Krishna Heights, Tapovan Road, Nashik - 422011, Maharashtra

CAREER OBJECTIVE

Third-year Mechanical Engineering student with a strong foundation in Thermodynamics, Fluid Mechanics and Applied Thermodynamics, and hands-on proficiency in AutoCAD and SolidWorks. Seeking an internship at Kirloskar Pneumatic Company Limited to apply core mechanical engineering concepts to real-world compressor and fluid power systems, and to contribute to design, analysis, and manufacturing processes while gaining industry exposure.

EDUCATION

Bachelor of Engineering - Mechanical Engineering

Gokhale Education Society's R. H. Sapat College of Engineering, Nashik

Third Year (Currently Pursuing)

CGPA: 8.23

CORE ACADEMIC STRENGTHS

- Thermodynamics - cycles, heat transfer principles and energy conversion systems
- Fluid Mechanics - fluid statics/dynamics, flow analysis and pressure systems
- Applied Thermodynamics - compressors, IC engines and power system applications

TECHNICAL SKILLS

Design and Modelling Software: AutoCAD, SolidWorks

Data and Reporting Tools: MS Excel, Power BI

AREAS OF INTEREST

- Pneumatic and Compressor Systems
- Mechanical Design and 3D Modelling
- Fluid Power Applications and Industrial Machinery
- Data-driven Engineering Reporting and Analysis

DECLARATION

I hereby declare that the above information is true to the best of my knowledge and belief.

Place: Nashik
