PROFESSIONAL SUMMARY

Highly motivated Bachelor of Business Administration (BBA) senior seeking a business internship to leverage analytical, operational, and financial skills. Demonstrates a proactive approach to professional development through active financial market participation, corporate job simulations, and hands-on operational project management. Adaptable and eager to contribute to dynamic teams in consulting, finance, or corporate communications.

EDUCATION

Bachelor of Business Administration (BBA)

Expected Graduation: 2026 (Currently in Final Year)

EXPERIENCE & PROJECTS

Independent Financial Trader

Dhan Platform | 2024 – Present

- Analyze macroeconomic trends and execute trades across equities and Futures and Options (F&O) derivatives.
- Utilize advanced platform analytics tools to assess risk, forecast market movements, and manage a personal investment portfolio.

Operations Project Lead (Billing System Integration)

Dhule Region | 2026

- Spearheaded a data accuracy initiative to update and verify billing records following a regional smart-to-smart meter replacement program.
- Ensured the seamless transition of operational field data into the central billing system to maintain customer account integrity and financial accuracy.

Risk Management Job Simulation

Goldman Sachs (via Forage) | 2026

- Completed practical simulated tasks focused on identifying, analyzing, and mitigating institutional financial and operational risks.

BUSINESS & TECHNICAL SKILLS

- **Financial & Analytical:** Risk Assessment, Equities & Derivatives Trading, Market Analysis, Data Governance fundamentals.
- **Operational & Strategic:** Operations Management, Process Integration, Sales Strategy, Corporate Communications.
- **Tools & Platforms:** Dhan Analytics, Google AI Pro (Advanced Prompting & Workflow Efficiency), Microsoft Office Suite (Excel, PowerPoint, Word).

PROFESSIONAL DEVELOPMENT & AFFILIATIONS
