

RUSHIKESH THAKARE

About Me

I am a dedicated and motivated Diploma student in Mechanical Engineering with a strong passion for design and drafting. I have hands-on skills in AutoCAD (Drafting & Modeling), Welding & Fabrication, and Blueprint Reading, along with proficiency in programming languages like C, C++, JavaScript, HTML, and CSS. I am a quick learner with a problem-solving mindset, eager to apply my technical knowledge and design skills in a real-world environment. I strive to contribute effectively to any team while continuously growing as a professional.
