## Career Objective

Optimistic and determined Mechanical Engineering student seeking opportunities to apply technical knowledge and creativity in real-world projects. Passionate about learning new technologies and contributing effectively to innovative engineering solutions.

## Education

FE CGPA: 8.7  
SE CGPA: 7.3

## Internship

Crest Industry — Completed internship with exposure to industrial processes and practical mechanical applications.

## Projects

1. Fabrication of Waste Fruit Collecting Equipment  
Designed and developed a spiked picker tool to improve efficiency and reduce manual labor.
2. Hydrogen Generator Model  
Developed a model to generate hydrogen gas through electrolysis. Demonstrated principles of clean energy production and sustainable fuel alternatives.

## Achievements & Certifications

1. Advanced Aircraft Design Technology Workshop  
Bharat Space Education Research Centre (supported by ISRO). Completed the 1 day workshop ,came to know anatomy of aircraft and other basic terminologies
2. Secured Position in PBL-II Project Exhibition  
Recognized for technical innovation and practical execution in a Project-Based Learning environment.

## Soft skills

- Communication
- Team work
- Time Management

## Hobbies & Interests

- Dancing
- Travelling
