OBJECTIVE

- Motivated Diploma Mechanical Engineering student seeking internship to gain hands-on experience in manufacturing, CNC & VMC operations and mechanical systems.

EDUCATION

- Pursuing Diploma in Mechanical Engineering
- AISSMS POLYTECHNIC
- Percentage- 1st Semester: 83% , 2nd Semester: 76% , 3rd Semester: 73%.

TECHNICAL SKILLS

- Machines: Lathe, Milling, Drilling, CNC lathe
- Software: AutoCad
- Others: Measurement Tools (Vernier Caliper, Micrometer)
- Basic exposure to Engineering Drawing and CAD Modelling

WORKSHOP TRAINING

- Performed Turning and Facing operations on Lathe machine
- Learned basic Fitting and Welding
- Used measuring instruments for precision work

MICROPROJECTS

- Presentation on Types of Mechanisms
- Collection of types of screws and bearings
- Used Metal fabrication to make tray

LANGUAGES

- English
- Hindi
- Marathi

AREA OF INTERESTS

- Productions & Manufacturing
- Industrial Operations
- CAD Modelling

INTERNSHIP AVAILABILITY

- Available for industrial training after completion of 2nd year diploma.
- My college can provide an official request letter for industrial training as per company requirement.
